Elizabeth residents-

On May 6, 2018 it was reported of a car broken into inside the parking garage. Minor items were stolen, including a fob.

Upon reviewing the cameras, at 5:29:16 AM, a Caucasian male with a black T-shirt, black baseball hat, and dark jeans rode inside on a bicycle. At 5:44:16 AM he is seen riding back out possibly with a fob due to the gates being activated.

At 6:20:05 AM, the same individual returned with another on a skateboard with similar attire. They are seen passing by the 2nd floor elevator and last seen at 6:21:07AM.

It was confirmed a fob was being used and discovered the resident had lost or misplaced the fob.

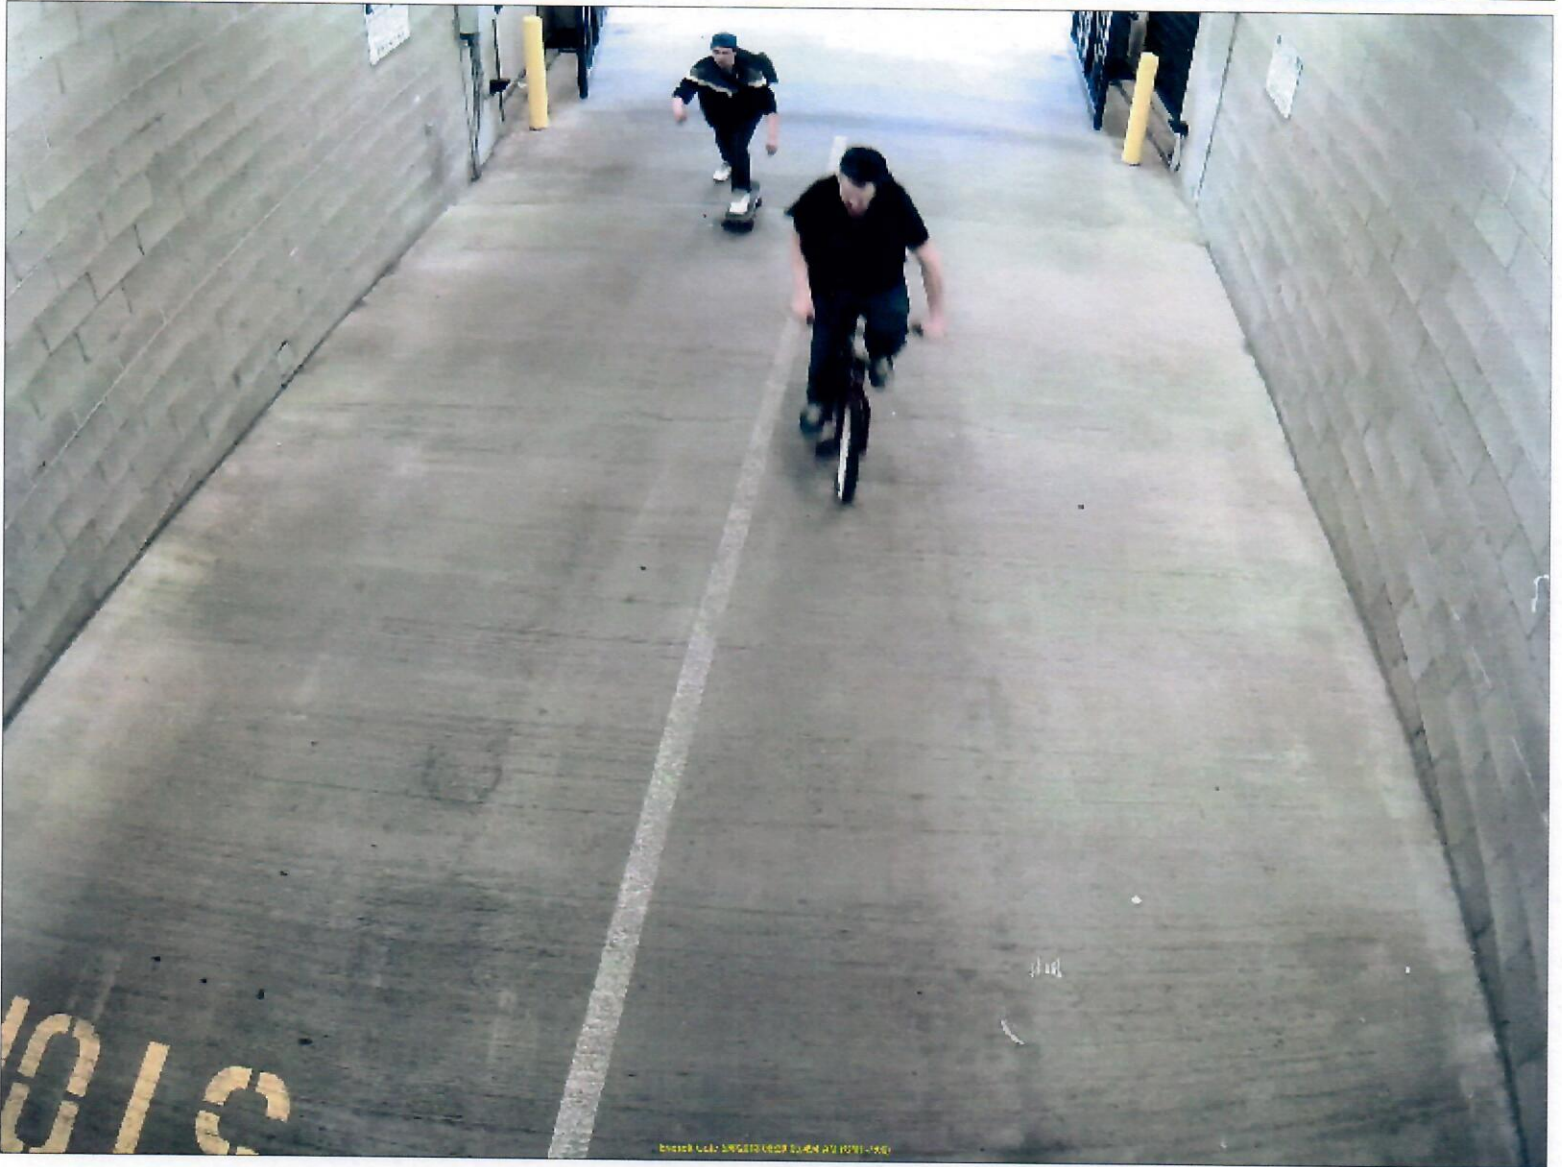

If residents lose or misplace their fobs or parking clickers, please consider it like a missing credit card. Notify the concierge immediately so they may disable the device and prevent this kind of even from happening.
